

# ENTRANTS IN RUN SHOULD DECLARE INTENTION AT ONCE

## ENTRY BLANKS MUST BE IN BY SATURDAY

Cars Under Constant Surveillance While Awaiting Run.

There seems to be some misunderstanding regarding the storage of cars entered in the Times Automobile Contest.

These cars must be brought to the Luttrell Garage, 1711-13 Fourteenth street, not later than noon on next Monday, the day before the run. Owners need have no fear that they will in any way be tampered with after the seals are adjusted, as a committee of three will be delegated to keep a close watch on the machines until they are called for by the owners on the morning of the run. A requisition for two detailed officers has been sent to Major Sylvester, and these will remain at the garage all night with the watchmen.

The committee guarantees absolute protection to all cars entering, but insists that they comply with this condition, and urges that they report to the Luttrell garage promptly, that there may be no delay in affixing the seals.

Send Blanks at Once.

While the promoters have been assured of the support of practically all the dealers in the city, the entry blanks are not coming in as rapidly as was expected. The time limit for the receipt of the blanks is on Saturday. There can be no exceptions to this rule, on account of the time required after the entries are all in to arrange the details of the contest, such as numbering each car, inspecting the blanks to see that the entrants and cars meet the conditions of the A. A. A. rules, and of furnishing flags and observers for each machine.

The question of carrying tools came up yesterday and the committee made the ruling that no tools could be carried in the bottom of the cars except appliances for the tires. As many tools may be stored in the tool box as is desired for use in case of an emergency since the tool box will be sealed as well as the bonnet and if it is opened the contestant will be disqualified. Repairs to tires, while they do not place the driver out of the running for a trophy, will lower his score and each repair will be checked against his score by the observer in his vehicle.

Dealers Pleased.

The dealers are generally pleased with the way in which the arrangements have been conducted. No loop holes for alleged unfairness have been left open and all the details have been left to non-interested parties.

The same condition will prevail on the day of the contest. Since the judges, timers, and starters are not known, they cannot be "approached" by prospective competitors. It may seem that all this caution is excessive in a contest of this kind, and as far as forestalling any graft it probably is. But the committee feels that every effort should be made to place the whole affair above criticism, and this policy will be carried out until the last trophy is awarded. Competitors, therefore, need have no fear that their cars will not be as well cared for while they are in the hands of the committee as if they were safely stored away in their own garage.

## CHICAGO SEEKING ANOTHER BIG GAME

May Meet Yale on Gridiron. To Drop Indians.

CHICAGO, Nov. 5.—Another big Eastern game for the Maroons next season is the latest athletic possibility at the University of Chicago.

The depression caused by the Maroon board's decisive stand against lessening the "reform" rule and lengthening the football schedule was lightened considerably today when it was announced that Chicago might get the long-wished-for game with Yale or with another leading Eastern college in case the "Big Four" plan collapses.

It is believed at the Midway that Chicago's stand and the unsettled conditions at Ann Arbor look bad for a Maroon-Wolverine game, and that an Eastern college will have to be taken on to fill Chicago's place.

The Maroons have long wished for a game with Yale, and Stag has been especially anxious to play his alma mater. For a time last season the chances looked good for a game with Yale, but as the Ell schedule was completed early in the year, the chance fell through.

It is certain that Chicago will not meet Carleton in 1908, and it is not thought probable that a game can be arranged with Pennsylvania.

## JOHNSON OBJECTS TO SOILING BALLS

Battery Already Too Light. Opposes Drinks in Bottles.

Ben Johnson comes out in favor of legislation against the thirteenth tricks of delaying games while new balls are being soiled upon the grass. This practice has been harped on for many years, but there is no abatement in the evil. Per contra, it grew much worse last season, many pitchers putting in three or four minutes rubbing every sphere. Johnson says: "The pitchers' claim that a glossy new ball is hard to pitch is a bald-faced subterfuge. Nothing of the sort. They rub the ball with two purposes—to blacken it, so that it will be harder to hit, and to gain breathing time while they recruit their energies and regain their nerve."

## SMATHERS KEEPS THAT GOLD CUP

NEW YORK, Dec. 5.—After an investigation the board of review of the National Trotting Association, decided yesterday without further consideration to drop the case against Millard Sanders, trainer of Lou Dillon, which mare, it was for many months alleged, was "doped" sufficiently to cause her to lose the famous race at Memphis on October 18, 1904.

The \$5,000 gold cup was won by Major Delmar, owned by E. E. Smathers. C. K. G. Billings, owner of Lou Dillon, charged that his mare had been "doped." Testimony was presented to bear out this theory, but it was determined by the board that there was no evidence to show that Lou Dillon had been "doped," and that Smathers could retain the cup.

Eddie Maloy, stableman, testified that he had seen Sanders give a bottle of George Spear, former trainer for Smathers, and Ed Sanders, a stablehand and brother of Millard Sanders, were both expelled for their connection with the case. The board in its present decision could not find that Millard Sanders was in any way cognizant of or connected with the doping of the famous trotter, now a brood mare.

## WORLD'S CHAMPS REGISTER KICK AGAINST HALPIN

Declare They Will Not Compete With Him In Charge.

NEW YORK, Dec. 5.—With the appointment of M. T. Halpin of the New York Athletic Club as manager of the next Olympic team came announcement yesterday that world's champions from all over the country would not compete in London next summer on a team managed by Halpin.

With few exceptions, all of the athletes that represented the victorious Yankee team at Athens have protested against the appointment of Halpin. They declare that they were not treated fairly on their last trip, and under no circumstances will they make another trip under his charge.

Conway Supports Athletes.

When President Conway of the Irish-American Athletic Club was informed last night of the feeling of the athletes, he said: "I know all about it. No one objects more strenuously to Halpin than I do. The way he treated the American team at Athens was, to say the least, very unsatisfactory. They were extended no more privileges than non-competitors. It was not only the members of this club that complained. Even the members of the club to which he belonged came to me and told how badly they had been treated."

"The athletes from other cities also registered complaints against the way he managed the team. So displeased were they at the treatment which they received that I had to use all my influence to make them compete."

Sympathy With Men.

"My sympathy was with the athletes, but I wanted no trouble attached to the trip. I realized that it would go no good at that time, and argued that way with the boys."

"At the dinner at the Astor House, given to the athletes on their return, only great diplomacy on the part of the men in charge prevented an outbreak. So exasperated were the athletes that many of them became angry when not allowed to make a speech condemning their manager."

Will Protest Halpin.

"I will certainly protest against Halpin managing the next team. As president of this club, I say that no Irish-American athlete will be managed by him. Any athlete who represents this club, whether he be rich or poor, white or black, must be treated fairly while I am at its head. I would resign before sanctioning the appointment of Halpin."

ROOSTER CHANGES COLOR, THEN CHANGES BACK AGAIN

NEW YORK, Dec. 5.—After changing from jet black to snowy white, a bantam rooster in the poultry yards of Frank S. Jones, at Sayville, L. I., again is changing his coat. His white plumage is disappearing, and the black feathers are returning so rapidly that within a month he will be as black as he originally was.

## RHEUMATISM BLOOD FILLED WITH URIC ACID

Rheumatism comes from an excess of uric acid in the blood. This acid circulating through the system acts as an irritant to the different muscles, nerves, bones and tissues of the body, and produces the inflammation and swelling of the joints and the sharp, cutting pains characteristic of the disease. When the blood is overburdened with uric acid it continually grows weaker and more acid, and poorer in nourishing qualities. Then Rheumatism becomes chronic, and not only a painful, but a formidable and dangerous disease. Sometimes the heart is attacked, the general health is affected, and the oils and fluids which lubricate the muscles and joints are destroyed by the acid matter which the blood is constantly depositing in them; the muscles shrink and lose their elasticity, the coating of the joints becomes hard and thick, and often the sufferer is left a hopeless cripple. S. S. S. attacks the disease at its head goes down into the circulation, and by neutralizing and removing the uric acid from the circulation and building up the thin, acid blood, cures Rheumatism permanently. S. S. S. changes the sour, acid-burdened blood to a rich, healthy stream which quiets the excited nerves, eases the throbbing, painful muscles and joints, and filters out of the system the irritating matter which is causing the pain and inflammation.

Begin the use of S. S. S. now and get the cause out of your blood so that the cold and dampness of Winter will not keep you in constant pain and misery. Book on Rheumatism and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

## SHARKEY LAUGHS AT TOMMY BURNS AS A CHAMPION

Says Canadian's Record Shows Nothing Worthy of Title.

By TAD.

NEW YORK, Dec. 5.—A bunch of sports dropped into Tom Sharkey's benzine emporium last on the Rue de Fourteenth and started to kid the extar on Tommy Burns and his claim to the heavyweight championship. Tom listened for awhile, chewed up about four black pills, and when he got steam up let fly with both barrels.

"No, he couldn't lick me right now!" yelled Tom with fire in his light-blue eyes. "He's a fourth rater, as I said four months ago. What's a win over Squires and Moir mean? Why, I licked fellows like that every week when I was in the navy. These Englishmen don't know any more about fighting than an eskimo does about bridge whist."

"Didn't Kid McCoy go over there a few years ago and knock everything they had there silly in a few punches? Didn't Jack O'Brien do the same? Didn't Johnson clean out Australia in a few minutes? What did Moir or Squires ever do?"

What's He Done.

"Has Burns beaten a good man yet? Twice he went the limit with O'Brien. Jack Sullivan beat him; he went the limit with Schreck, Hugo Kelly, Marvin Hart and Dave Barry. These two English dubs are the only ones he ever beat."

"Why, the idea of this fourth rater being the champion of the world! I wish he was working when that old bunch—Corbett, McCoy, Pitts and Jeff were doing their little turns. There never was a bunch like that, and take it from me, it will be years and years before they get another."

"Do I think Johnson will beat him?"

"Oh, yes, he'll out him to ribbons. That's a bad fellow, that Johnson. He will beat any of them, but then, I don't think it's much to beat Burns."

## CANAL ZONE LEAGUE HAS GOOD MATERIAL

Panama Baseball Season Starts December 15. Seven Clubs.

PANAMA CITY, Dec. 5.—The Chicago Sox and Detroit Tigers will have to look to their laurels or the proud title of world's champions may pass from the United States to a "territorial possession."

The Canal Zone Baseball League threatens to usurp the prestige of the National and American Leagues. Arrangements for launching the league have just been completed, but it will blossom forth in full regalia about December 15, and old-timers will then have to look out. Practice games have shown there is plenty of good material among the canal employees to turn out teams that will give good accounts of themselves.

Col. George W. Goethals, U.S.A., has been selected president of the league and will make of it the success which he has made in other canal matters. Dr. John H. Burnell is vice president, and Robert Coe secretary-treasurer. The league will start with seven clubs. The schedule is now being prepared.

## TREASURY GETS BIG LEAD IN CHESS GAME

Departmental Play Brings No Change in Team Standing.

The final round of the first series for the team championship in the Departmental Chess League was played at the Chess Club last night.

Treasury continued its onward march by defeating Agriculture, and Interior did likewise with Commerce and Labor. The match between Navy and G. P. O. was unfinished, owing to the postponement of the game on board L.

The results brought about no change in the positions of the teams, but Navy has a good chance to draw its unfinished match with G. P. O., in which case the Printers would come down half a point.

Details of the play and standing of the teams follow:

Treasury	Agriculture	Interior	Commerce and Labor	Navy	G. P. O.
Wins	4	4	4	4	4
Losses	1	1	1	1	1
Draws	1	1	1	1	1

## NEW YORK GIANTS WILL PLAY YALE

Team Starts South March 1 With Large Roster of Players.

NEW YORK, Dec. 5.—The New York Nationals have arranged an exhibition game with the Yale varsity baseball team, to be played at the Polo Grounds on April 11, right after the return of New York from its Southern training trip.

Tad Jones, the star quarterback, is captain and catcher of the Yale nine. Princeton wants a game with New York, to be played at Princeton, and if possible the Tigers will be accommodated. New York will train at Marlinton, Pa., and among the games to be played on its way back will be the one in Little Rock on April 6.

The team will start South about March 1. There will be in the party headed by McGraw, a number of new players, drafted or purchased, who have not yet played with the team. They include James, catcher, from the Washington, Pa., club of the P. O. M. League, a football player and said to be a hard hitter; O'Brien, an outfielder from the same club; Crandall, a pitcher from the Cedar Rapids club, of the Three I League; Herzog, a third baseman from the Reading club of the Interstate League; Beecher, pitcher, Springfield, Three I League; Evans, first baseman, Fairmount, W. Va., Western Pennsylvania League; Early, outfielder, Franklin, Pa.; Malarky, pitcher, Ohio-Pennsylvania League; De Vora, outfielder, Cotton States League; Sundheim, infielder, Houghton, Mich., and Pryhl, infielder, Cedar Rapids.
